LAST EDITION.

BELKNAP'S TANGLE

Latest Status of the Disgrace-

ful Affair.

AS TO A SUCCESSOR, Etc., Etc.

By American Press Association to the STAR. YESTERDAY'S CABINET MEETING.

WASHINGTON, March 4 .- Yesterday's Cabinet session was attended by all the members, and lasted from noon until nearly 3 o'clock P. M. The entire time was consumed in discussing the Belknap affair.
The first question under consideration

was relative to instituting criminal pro-ceedings against the Ex-Berretary. Dis-cussion on this point was not very pro-tracted, and the conclusion was unani-mous that criminal proceedings should be commenced at once. Accordingly the President directed the Attorney Gon-eral to take charge of the matter and inthe President directed the Attorney General to take charge of the matter and institute at once such proceedings against the Ex-Secretary as the law provides. After this question was disposed of, the conduct of the Ex-Secretary and the extent of his criminality were thoroughly reviewed and condemned in unmeasured terms by all of his late associates.

The latter part of the session was devoted to a discussion on the successorship, but no conclusion was reached.

voted to a discussion on the successorship, but no conclusion was reached.
The name of a gentleman of high character and a prominent citizen of an
Eastern State was brought forward and
the position will be offered him. His
decision will be made known to the
Cabinet at the session on Tuesday.

It is believed the gentleman referred
to will accept the position for the sake
of repairing the damage done by the acts
of Mr. Belknap, though in accepting the
position the gentleman in question
would be compelled to make considerable sacrifice in personal matters. The
law requires the position to be filled inside of ten days after the vacancy occurs, and the Secretary of the Navy can
only act as Secretary of War for that only act as Secretary of War for that length of time. The President expects to be able to announce the name of the new Secretary of War by Tuesday next, and perhaps sooner.

HE TOLD ALL HE KNEW. NEW YORK, March 4.—Caleb P. Marsh, who testified before the Congressional Committee in the Beiknep case, in an interview to-day said he had exhausted the subject in his satatement before the Committee, and nothing remained for him to tell in regard to the matter.

WHAT IS THE MATTER WITH MARSH?

NEW YORK, March 4.—A special from
Poughkeepsie says Caleb Marsh, who
produced the damning evidence against
Secretary Belknap, arrived there yesterday and purchased a ticket for Montreal. He entered the Montreal car, but
before the train arrived at Peekskill he
showed considerable anxiety about
something, and nervously asked the conductor when a train went back to New
York. The conductor told him he could
go back as far as Garrison's and catch York. The conductor told him he could go back as far as Garrison's and catch one there. Marsh did not walt, how-ever, but jumped from the train a little beyond Peekskill, narrowly escaping severe injuries. He went forward on a Montreal train at 8:40 P. M.

WAS JUDGE DENT IN IT?

CHICAGO, March 4.—An army officer from Fort Sill relates the manner in which trading posts in that section have been managed by Belknap.

It was well understood among the leading posts that the paying positions were sub-let by persons receiving the appointment, and that the appointees themselves had something to pay at Washington.

themselves had something to pay at Washington.
All the trading posts are sub-let. One Friedlander pays \$3,000 yearly for Fort Rice. Marsh sub-lets Fort Rice for \$18,000. Rice, Marsh and Judge Dent monopolized most of the appointments. Rice is said to be Belknap's brother-in-law. A man named Loeb is said to have paid \$50,000 at Washington before he received the appointment of the Comanche station.
